

## Adapter

Model: **AK-ND-C03**

Product code	AK-ND-C03
Product type	Adapter
Output voltage	18.5 - 20 V
Output amperage	max. 5 A
Maximum power	100 W
The cable plug #1	USB type C
The cable plug #2	4.8 x 1.7 mm
Product size (L x W x H)	38 x 24 x 10 mm
Package size (L x W x H)	97 x 70 x 11 mm
Net weight	5 g
Gross weight	7 g
EAN code	5901720138163
Warranty	24 months
Pin Length	12 mm

# Description

The Akyga® AK-ND-C03 laptop charging adapter will allow you to change your **USB Type C** connector to a **4.8x1.7 mm** connector. It is a small converter that every owner of an HP or ASUS laptop with this power socket should have. The adapter allows you to easily connect your laptop to a universal USB-C power adapter. This is a convenient solution in case you break down or lose your old power adapter. With the converter, we will use any higher-power USB-C PD charger without the need to purchase a dedicated laptop power adapter. The tip is compatible with **Power Delivery**, so it automatically selects a **voltage between 18.5 and 20 V** and a **current of up to 5 A**, depending on the needs of the connected device. What's more, the adapter is very handy and does not take up much space in your bag or backpack. Therefore, it is ideal for travellers who want to be able to charge their laptop, smartphone and tablet without having to take several power adapters with them.

**It is worth remembering that the USB-C adapter does not increase the power of the charger it is used with. Therefore, before using it, make sure that the power adapter has enough power to power our device.**
